EQUESTRIAN HARDWARE
CATALOG

Leather Links

For over 40 years, we have specialized in the art of saddlery hardware, combining traditional Indian craftsmanship with international quality standards. Established in India, our company has grown into a trusted manufacturer of export-quality saddlery hardware, supplying premium tack and leather hardware to discerning equestrian brands and riders worldwide.

Our expertise spans the full range of equestrian hardware – from saddles, bridles, and reins to stirrup leathers, girths, and accessories – each crafted with precision, durability, and rider comfort in mind. Every product reflects a deep understanding of equestrian needs, ensuring strength, reliability, and elegance both in the arena and on the field.

With decades of experience, modern production facilities, and a commitment to consistent quality, we continue to partner with global brands who value authenticity, performance, and fine workmanship. For us, saddlery is not just a product – it is a tradition of excellence carried forward for generations.
